Your partner from idea to production

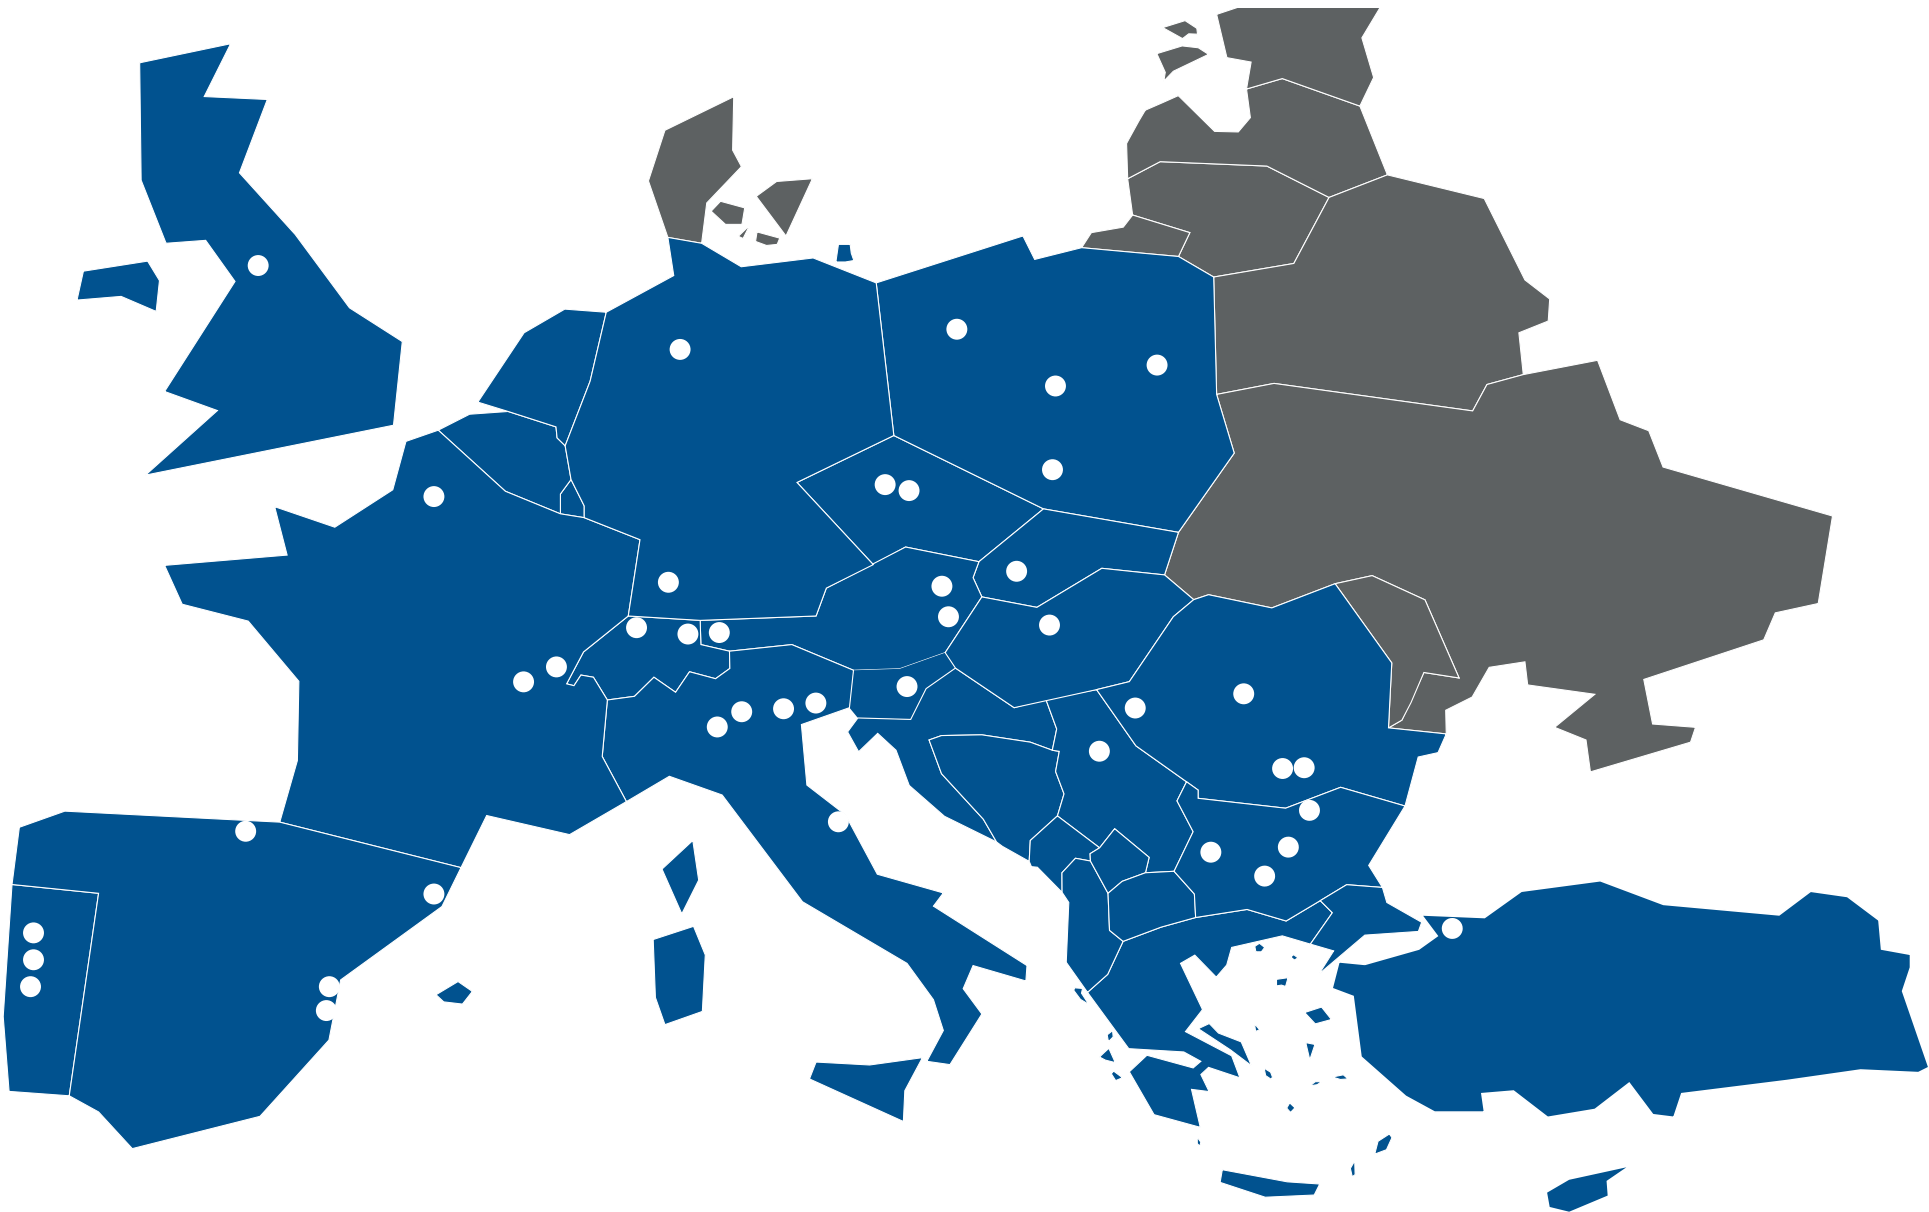

Hromatka Group

OUR SCALE IS EUROPE – OUR BRANDS ARE LOCAL

Plastoplan specialises in the distribution of high-quality technical plastic granulates from renowned manufacturers. A specialised team offers a comprehensive service – support from the vision to the series-production readiness of a product. The privately owned company scores with decades of experience and meets customer needs locally with its own warehouses, logistics and well-equipped laboratories.

Plastoplan is part of the **Hromatka Group**, a major distribution group in the European plastics market. The Hromatka Group has an extensive product portfolio with a strong international focus and expertise.
